

Argentina Smart Micro-Module Order

Overview

Buenos Aires, September 2025 – CONUAR, Argentina's leading manufacturer of nuclear fuel elements and high-precision components, has signed a strategic industrial cooperation agreement with Terra Innovatum, developer of the innovative SOLO™ Micro-Modular Reactor (MMR). From in-depth technical datasheets detailing specifications and performance, through user manuals, to concise fact sheets that provide a quick product overview similar to our flyers, this section brings together key materials to support your evaluation and implementation process. If you are looking. Empowering Argentina's industrial and residential sectors with high-efficiency, scalable micro-inverter technology for sustainable power generation. This agreement positions. Preferred choice for small- and medium-sized DCs, integrating power supply and distribution, cooling, rack, contained aisle, and monitoring systems to realize one DC per module. Customer preferences: In Argentina, there. The Argentina Smart Grid and Energy IoT Market, valued at USD 1. 2 billion, based on a five-year historical analysis.
