

# French Handheld Metal Spectrometer

## Overview

This rugged 245x250x90mm portable spectrometer delivers fast, precise elemental identification in the field. The 50kV X-ray tube and high sensitivity Si-PIN diode detector provide accurate analysis of metal alloys, impurities, and more. FEnX-T starter the new XRF analyzer for metals meets the essential needs of recycling and quality control professionals. Dive into the heart of OES technology and master. As a global leader in this area, SPECTRO offers a complete range of metal analyzer products – from handheld XRF to arc spark OES spectrometers – for the many different tasks in onsite metal analysis. With dimensions of 245mm \* 250mm \* 90mm and weighing just 1. The portable metal analyzer performs exceptionally well, especially when accurate metal analysis is required, when materials are difficult to identify, or. When handhelds aren't enough, the amazing new SPECTROPORT portable metal analyzer applies more advanced OES technology — in a unit as easy to use as a handheld analyzer. SPECTROPORT delivers many advantages of SPECTRO's portable OES flagship, SPECTROTEST, in a smaller, lighter package.

## Article Content

Physitek-Fondis : Handheld spectrometers & analysis solutions

Solutions for your measurements : handheld spectrometers & turnkey analysis solutions. The Physitek Group manufactures portable spectrometers and provides turnkey analysis solutions.

Niton XL2 | Handheld XRF spectrometer for metals

Niton XL2, portable X-ray fluorescence analyzer analyzes the chemical composition of metals and alloys instantly and non-destructively.

Portable Metal Analyzer

It adds the convenience and simplicity of the best handheld analyzers to the accuracy and wide analytical range of SPECTRO's renowned OES technology.

Handheld/Portable XRF Analyzers for Precise Elemental Analysis

Handheld XRF Analyzers are designed for elemental and chemical analysis of a wide range of materials and rapid identification of metal/nonmetal.

XRF portable

Les analyseurs portables Elvatech sont la solution idéale pour l'analyse des matériaux et des substances sur le terrain. Nous proposons une large gamme d'analyseurs portatifs XRF, faciles à

SPECTRO xSORT XRF Handheld Analyzer for many

Fast on-site elemental analysis: The SPECTRO xSORT handheld XRF is the ideal analyzer for compliance testing and quick screening of non-metallic samples.

Mobile Metal Analyzer

For onsite metal analysis, SPECTRO offers a complete range of mobile metal analyzer products, from handheld XRF to portable Arc Spark OES spectrometers.

Portable XRF Metal Analyzer

Meet your metal analysis needs anywhere with the JITA19201 Handheld XRF Analyzer. This rugged 245x250x90mm portable spectrometer delivers fast,

Portable Spectrometer for Metal Analysis

SISCO portable spectrometer is equipped with a high-definition TFT industrial touch screen, imported high-performance X-ray emitting tube and ultra-high resolution

SPECTRO xSORT Handheld XRF Analyzer for Metal Analysis

This innovative handheld XRF gun analyzer quickly handles just about every onsite metal testing need imaginable, from the scrapyard or

Handheld spectrometer-BERTHOLD FRANCE SAS

Buy Sell Handheld spectrometer - The RT-30 spectrometer is a portable and compact radioisotope identification instrument. It is weatherproof, light and easy to use and in...

France Handheld LIBS Spectrometer Market Size, Growth ...

The France Handheld LIBS Spectrometer Industry is experiencing steady growth in 2025, supported by strong government policies, rising consumer demand, and advancements in technology

Analyseurs XRF portables | Evident Scientific

Nos analyseurs XRF portables sont robustes et portables, ce qui vous permet de les transporter partout où des analyses sont nécessaires. Rapides et précis, ils

SPECTRO iSORT Handheld Spectrometer

The new SPECTRO iSORT is a battery-powered, hand-held spectrometer for on-site identification and analysis of all common metal alloys. It uses an efficient arc

SPECTROTEST\_TXC035\_int dd

This product line also includes the smaller lightweight SPECTROPORT OES analyzer and the SPECTRO xSORT XRF handheld. These are backed up by a trio of advanced stationary metal

Handheld XRF Spectrometer LXRF-B14

Our Handheld XRF Spectrometer LXRF-B14 is used for is used for rapid alloy identification, precious metal analysis, and quality control in

XRF portable

Analyseur XRF portable Nos analyseurs XRF offrent une analyse qualitative et quantitative rapide et précise des compositions élémentaires.

Portable Metal Analyzer

The SPECTROPORT portable arc spark spectrometer is ideal for many applications in the metal producing, processing, and recycling industries. Find out more.

portable spectrometer | Belec

For maximum flexibility and precision, Belec offers a comprehensive range of accessories for the portable spectrometer Belec Compact Port HLC and our

Mobile and Portable Metal Analyzers by SPECTRO Analytical

Discover SPECTRO's mobile and portable advanced metal analyzers, offering fast, accurate on-site elemental analysis for various industries and applications.

Handheld spectrometers ⇒ rapid analyses on site

Our permanently installed sensors monitor complex production processes in chemical and pharmaceutical companies. The laboratory in your hand gives you handheld power - the ability to

Spectromètres mobiles et portatifs | Malvern Panalytical

Malvern Panalytical propose une gamme de spectromètres mobiles et un analyseur XRF mobile, qui constituent une solution alternative aux analyseurs XRF portatifs ou aux pistolets XRF.

Elemental Analysis Solutions & Analytical Instruments | SPECTRO

Products Overview ICP-OES Spectrometers ICP-MS Spectrometers XRF Spectrometers Handheld XRF Analyzers Mobile Metal Analyzers Stationary Metal Analyzers Elemental Analysis Industries

Handheld Spectrometers: Portable Analysis Solutions

Discover handheld spectrometers for rapid, accurate material analysis. Ideal for industrial, lab, and field use. Find top-rated, verified suppliers with AI-powered recommendations. Click to explore advanced

SPECTROTEST Mobile Spectrometer, Portable Metal Analyzer

The portable metal analyzer performs exceptionally well, especially when accurate metal analysis is required, when materials are difficult to identify, or when large numbers of samples need to be

France Handheld Elemental Analysis Spectrometer Market Size

The pricing landscape for handheld elemental analysis spectrometers in France has experienced moderate fluctuations driven by advancements in industry-specific innovations and
