

Solution Dedicated Switch 40G

Overview

FS 40G Ethernet Switches with high speed and port density give you cost-effective options to incrementally upgrade and have flexible bandwidth across the existing infrastructure in enterprise campus network. The Cisco Nexus ® 5600 platform Gigabit Ethernet switches are the third generation of the Cisco Nexus 5000 Series Switches: the leading data center server access switches. ONIE provides the option to install a preferred Network Operating System, such as Pluribus Netvisor OS, or activate the pre-loaded D-Link OS. 3 and Software-Defined. Have any questions?
