

Uruguay sells its inventory of optical fiber cables

Overview

In 2024, Uruguay exported \$122k of Optical fibres and cables, making it the 95th largest exporter of Optical fibres and cables (out of 167) in the world. This figure reflects the total revenues of producers and importers (excluding logistics costs, retail marketing costs, and retailers' margins, which will be included in the final consumer price). The compound annual growth rate (CAGR) for the period 2020-2024 stood at 43. This notable uptick in imports can be attributed to the growing demand for advanced.
